## PROFESSIONAL SUMMARY

**Full Stack Developer (React & Node.js)** with professional experience building and deploying scalable, production-ready web applications for real-world clients. Strong expertise in React.js, Next.js, Node.js, Express.js, and MongoDB, with a focus on performance optimization, clean UI, and maintainable architecture. Experienced in working within business-driven environments, collaborating with cross-functional teams, and delivering reliable solutions aligned with client requirements.

## PROFESSIONAL EXPERIENCE

### Full Stack Developer, *Firstclusive Branding*

12/2023 – Present | Hyderabad, India

- Developed and maintained **production-ready full-stack web applications** using React.js, Next.js, Node.js, Express.js, and MongoDB for business clients.
- Designed and integrated **RESTful APIs** with scalable architecture, ensuring efficient data flow between frontend and backend systems.
- Implemented **responsive UI components**, optimized application performance, and managed database schemas, CRUD operations, and deployments using MongoDB, Mongoose, Git, GitHub, and Vite.

### IT Support associate, *Tech Mahindra*

06/2021 – 11/2023 | Hyderabad, India

- Provided technical support across systems and applications, strengthening **debugging, problem-solving, and analytical skills** applicable to software development.
- Collaborated with cross-functional teams while managing high-volume workloads with consistent on-time delivery.

### Process Analyst, *VNK4U Consulting Private Limited*

03/2020 – 03/2021 | Hyderabad, India

- Worked with structured data, process documentation, and compliance workflows, developing strong attention to detail and system-oriented thinking.
- Ensured accuracy and efficiency while handling time-sensitive client operations.

## EDUCATION

### Advanced Diploma in Data Science, *Osmania University*

01/2024 – 06/2025

### Bachelor of Computer Applications, *Gulbarga University*

07/2017 – 11/2020

## PROFESSIONAL SKILLS

**Front-End Development:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js

**Back-end Development:** Node.js, Express.js, MongoDB, Mongoose, REST APIs

**Additional Technologies:** Python, Flask

**Tools and Workflow:** Git, GitHub, Vite, Postman, Deployment Basics

## PROJECTS

### My Portfolio

- Developed a **static, responsive portfolio website** to showcase projects, skills, and professional experience.
- Implemented clean UI and performance-optimized builds using **React.js** and modern front-end practices.

### Selected Client Projects

#### Firstclusive Branding

- Firstclusive Branding** is a full-service digital solutions company providing web development, branding, digital marketing, and IT services to businesses across multiple industries.
- The company website and platforms are built using **Next.js** for the frontend and **Node.js, Express.js, and MongoDB** for the backend, focusing on performance, scalability, and responsive design.

#### Prime Group

- Prime Group is a leading healthcare and wellness solutions company in Tanzania, expanding across Africa with certified, science-backed products and a strong focus on quality, reliability, and ethical standards.
- Built the company website using **React.js** for the frontend and **Node.js, Express.js, MongoDB** for the backend, creating a responsive, scalable, and performance-optimized full-stack application.

#### Leading Edge Decor

- Leading Edge Décor is a responsive web application showcasing interior décor and home design services, highlighting company offerings, aesthetics, and client engagement features.
- Built using **React.js** and deployed on **Vercel**, implementing responsive layouts, modern UI practices, and optimized client-side rendering for fast user experience.
